

### **Traditional Wool Layouts**

Since the birth of gaming, the use of traditional wool layouts has been the industry standard. MIDWEST GAME SUPPLY COMPANY has been deep dyeing the finest wool cloth for over 15 years. Images are applied through a large format screen printing process.

### **High Graphic Polyester Layouts**

Newer to the gaming industry is our high graphic polyester layouts. In always striving for the newest and the best products, we would like to announce that these layouts are now produced on a newly refined 100% polyester material. Any artwork, from the simplest to the most detailed, can now be computer generated onto a layout.

### **Direct Print Wool Layouts**

Brand new to the gaming world is our direct print wool layouts. We are proud to be able to bring to you the detailed graphics that you desire on wool material. This brand new process can take your computer generated artwork and place it on wool cloth, thus giving you the unbelievable detail on a layout with the benefits of traditional wool.
